

Mesothelioma Support Service

Addressing
the needs of
patients with
malignant
mesothelioma
and supporting
their carers
and families.

Have you been
diagnosed with
mesothelioma?

Are you living with
mesothelioma?

Are you a carer
for someone with
mesothelioma?

Have you been
exposed to asbestos?

Do you need more
information?

ADRI

Asbestos Diseases Research Institute

ADRI's registered nurses bring many years of nursing experience to support patients with malignant mesothelioma and their carers.

The service provides up-to-date clinical information and emotional support over the telephone, via email and social media and at support group meetings.

ADRI's nurses collaborate with other health care professionals to ensure a multidisciplinary approach is provided.

Need to talk?

If you would like to chat confidentially please call Jocelyn or Pam on: **1300 237 400 or 02 9767 9854**

ADRI provides support groups for:

- Patients who are diagnosed with malignant mesothelioma
- Patients who have had an EPP, and
- Those who have lost a loved one.

For more information on the support groups visit: www.adri.org.au
